

289

Vogel J

Welcoming address of the Director General

291

Witzmann F, Ruta M, Fröbisch N, Paß S, Herrmann E

Editorial: 25 years of 'Fossil Record, an International Journal of Palaeontology'

295

Schultze H-P

The start of the scientific journal 'Fossil Record'

299

Laurin M

Habitat of early stegocephalians (Chordata, Vertebrata, Sarcopterygii): a little saltier than most paleontologists like?

333

Smithson TR, Ruta M, Clack JA

On *Ossirarus kierani*, a stem tetrapod from the Tournaisian of Burnmouth, Berwickshire, Scotland, and the phylogeny of early tetrapods

353

Werneburg R, Witzmann F

The last eryopids: *Clamosaurus* and *Syndyodosuchus* from the late Kungurian (Cisuralian, Permian) of Russia revisited

381

Moreno R, Chakravorti S, Cooper SLA, Schoch RR

Unexpected temnospondyl diversity in the early Carnian Grabfeld Formation (Germany) and the palaeogeography of metoposaurids

401

Schoch RR, Witzmann F, Moreno R, Werneburg R, Mujal E

Growing giants: ontogeny and life history of the temnospondyl *Mastodonsaurus giganteus* (Stereospondyli) from the Middle Triassic of Germany

423

Roy P, Chakravorti S, Sengupta DP

Osteology and revised diagnosis of *Cherninia denwai* from the Middle Triassic Denwa Formation, Satpura Gondwana Basin, Central India

445

Kean KJ, Danto M, Pérez-Ben C, Fröbisch NB

Evolution of the tetrapod skull: a systematic review of bone loss

473

Werneburg I

Terrestrialisation and the cranial architecture of tetrapods
