

1

Beurel S, Bachelier JB, Munzinger J, Shao F, Hammel JU, Shi G, Sadowski E-M  
First flower inclusion and fossil evidence of *Cryptocarya* (Laurales, Lauraceae) from Miocene amber of Zhangpu (China)

13

Rollot Y, Evers SW, Joyce WG  
A digital redescription of the Middle Miocene (Langhian) carettochelyid turtle *Allaeochelys libyca*

29

Arratia G, Schultze H-P  
The oldest teleosts (Teleostomorpha): their early taxonomic, phenotypic, and ecological diversification during the Triassic

55

Marjanović D, Maddin HC, Olori JC, Laurin M  
The new problem of *Chinlestegophis* and the origin of caecilians (Amphibia, Gymnophionomorpha) is highly sensitive to old problems of sampling and character construction

95

Tsai C-H, Kimura T, Hasegawa Y  
Coexistence of Oligocene toothed and baleen-assisted mysticetes in the northwestern Pacific

101

Ferreira J, Josse H, Denadai de Campos L, Nel A, Desutter-Grandcolas L  
First 3D reconstruction of a forewing of a fossil Orthoptera: Interpreting the venation pattern in the smallest known cricket with a stridulatory apparatus, †*Picogryllus carentonensis* (Orthoptera, Grylloidea, Oecanthidae)

111

Ebersole JA, Cicimurri DJ, Harrell Jr. TL  
A new species of *Palaeohypotodus* Glückman, 1964 (Chondrichthyes, Lamniformes) from the lower Paleocene (Danian) Porters Creek Formation, Wilcox County, Alabama, USA

135

Viertler A  
Another one bites the dust: A new *Lithoserix* species (Hymenoptera, Ichneumonidae, Pimplinae) from the early Oligocene in France, with an evaluation of wing morphometrics

147

Sander PM, Wellnitz PW  
A phytosaur osteoderm from a late middle Rhaetian bone bed of Bonenburg (North Rhine-Westphalia, Germany): Implications for phytosaur extinction

159

Čerňanský A, Vasilyan D  
Roots of the European Cenozoic ecosystems: lizards from the Paleocene (~MP 5) of Walbeck in Germany

187

Carrillo-Briceño JD, Ruiz-Ramoni D, Sánchez R, Jaimes A, Chávez-Aponte E, Prevosti FJ, Segura V, Carlini AA, Garbé L, Tombret O, Zazzo A, Sánchez-Villagra MR  
Cauca: megafaunal and felid fossils (Mammalia) from a Pleistocene site in northwest Venezuela

209

Pang L-bo, Chen S-kun, Hu X, Wu Y, Wei G-biao  
Fossil flying squirrels (Petauristinae, Sciuridae, Rodentia) from the Yumidong Cave in Wushan County, Chongqing, China

221

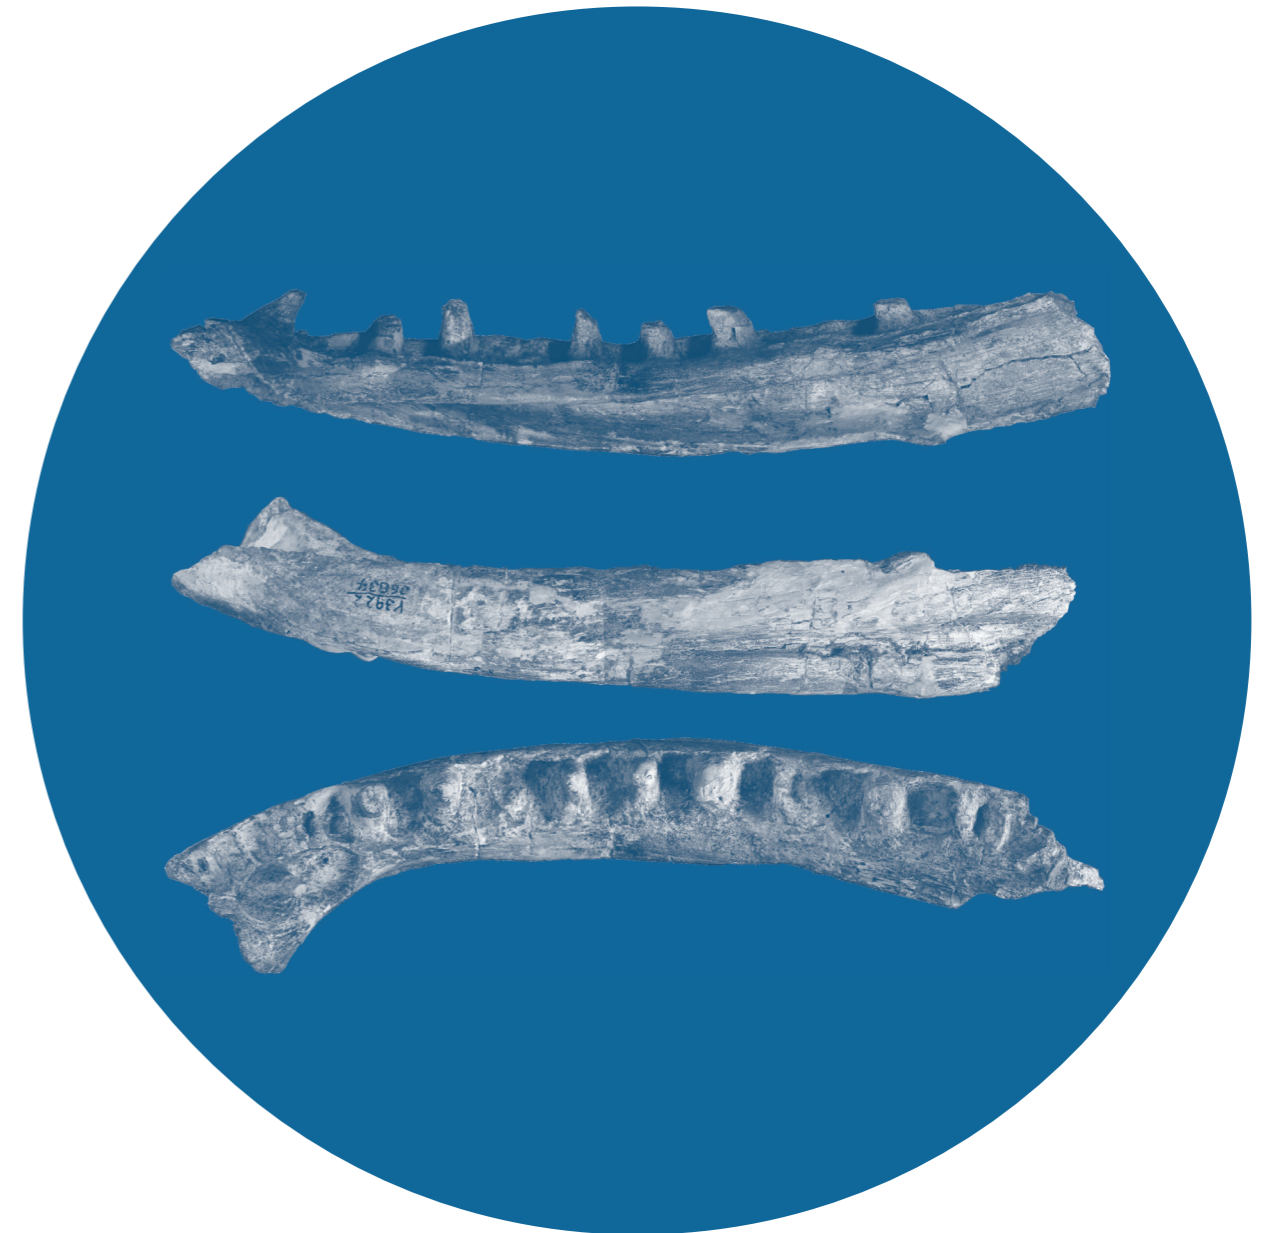

Farida M, Jaya A, Ahmad A, Nugraha J  
The Eocene to Oligocene boundary and paleoclimatic indications based on calcareous nannofossils of Tonasa Formation, South Sulawesi, Indonesia

233

So C, Mann A  
A large brachyopoid from the Middle Triassic of northern Arizona and the diversity of brachyopoid temnospondyls from the Moenkopi Formation
